

## Happy Easter!

Dear friends,  
Today is Good Friday but Sunday is coming...Happy Easter!!! I hope you enjoy a special weekend with friends and family!

## Results of wells

The pictures to your left show the difference a simple well can make in a desert. Right now, 3 new wells were negotiated in the Maradi area. These wells will be drilled in the desert, in very remote areas. Just look at the growth that has happened!

Visit our website to learn more about the wells we have already drilled!

## You are invited!

**Event: Children helping Children**  
**When: May 7th, 2021**  
**Time: 5:30-7:30**

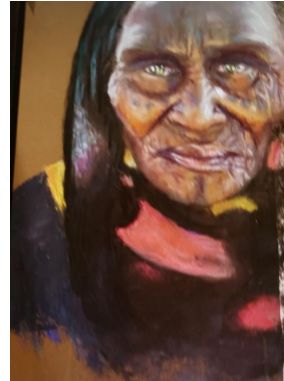

**Where: Beréskin Gallery & Art Academy  
2967 State Street, Bettendorf, Iowa**

There will be opportunities to give at this event, but you will also get to see the amazing artwork from Pat Beréskin's students inspired by the pictures that Willie Herath took in Niger. Not only that, but we will be showing our short documentary film, "Bottom of the List" in the lower level gallery.

Shown below are glimpses of what talent you will see at this event.

This is a Photograph taken of a lady who is the wife of the chief from a desert village of Pundu Duba.

This is a pastel work done by Joni Davis in the Beréskin Gallery in Bettendorf Iowa.

**\*Per Beréskin Gallery & Art Academy COVID policy, masks are required. If you are bringing a large group, please call and make a reservation.**

## Moline Public Library Showcase

Beginning April 7th, we will have some African artifacts and photos on display at the Moline Public Library. These will be available to look at, as well as purchase. Stop by to learn even more about Wells 4 Wellness and the impact you are making in Africa.

## Update on the well in Niamey for the school!

We are already making progress in funds when it comes to the well for the school in Niamey, Africa. Below, you will see how our thermometer is already raising because of your funds!

In the Niamey area, we are also working on an ambitious plan that includes well drilling and a water distribution system (this will piggy back from a well to a

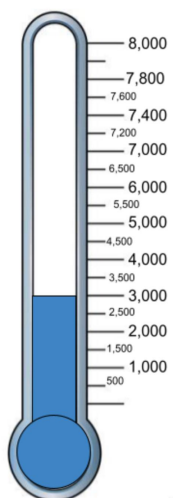

neighboring village). All while we are preparing the site for our school well.

Give to this specific well here!

## Where are the funds going and how do you get it there?

**GOAL!**

Our goal is to raise \$8,000 for the school in Niamey, Africa.

This not only provides the school with a well, but also the necessities listed below:

1. water tower
2. solar panel
3. solar pump

So, how can you give? Well, as always you can give by sending a check or cash through mail to the address listed on the bottom of the page, or you can click the link down below.

Raise the thermometer by giving here!
